30 BILLION WAR BUDGET CHINESE LABOR PLOT

Austrian Retreat a Riot—U. S. Food Embargo Hits Germany—China Army to France—U. S. Sinks U-Boat

CONGRESS TO SPEND THIRTY BILLIONS

WASHINGTON, Aug. 28.—America's present war congress will be a $30,000,000,000 session. Of this colossal sum $7,147,222,907 has been appropriated since congress convened in March. More than $23,000,000,000 additional in pending estimates and others to be made soon must be cared for before the session quits.

These figures do not include revenue which finance committee members say will have to be raised at the regular December session.

WOULD FLOOD THE COUNTRY WITH CHINESE LABOR

WASHINGTON, Aug. 28.—The existence of an organized propaganda working for a suspension of the Chinese exclusion laws in this and other belligerent countries having such laws is suspected by officials at Washington. It was admitted today that investigation may reveal a widespread plot looking toward the letting down of the bars to the Chinese.

The reasons advanced for admitting the cheap Chinese labor, which for many years has been repelled in the interest of higher waged workmen of the Western world, are that the withdrawal of so many men for military service makes it necessary to import more labor and that great savings can be effected through the introduction of the Chinese into Western particularly American industries.

Editorial Note—It will perhaps be remembered that nearly a year ago the News warned organized labor that the next big thing it would be up against would be a united and trong effort upon the part of the employers of large amounts of labor to beat down the exclusion laws and import hundreds of thousands, and perhaps millions, or Asiatic pauper labor. At this time, also, we pointed out that one of the main objects of the San Francisco Chamber of Commerce, and scores of similar bodies with which it is affiliated, was to break up organized labor, bring about the open shop policy everywhere, which in time would be followed by cheap labor from China. Many California farmers also want this done. If ever American labor needed to be vigilent, it is right now. The forces of great combinations of wealth are arrayed against it.

U. S. DESTROYER SINKS SUBMARINE

A GULF PORT, Aug. 28.—William R. Brown, American seaman, who arrived here on a British steamer, told today of the capture and destruction of a German submarine by an American destroyer, the saving of a British steamer the U. Boat was about to destray, and the killing of four of the U-boat's crew.

ITALIANS DRIVING THE AUSTRIANS LIKE SHEEP

WASHINGTON, Aug. 28.—Trieste is being evacuated. Its civil population is deserting the town at the order of Austrian high command, according to the Zurich correspondents of Corriere d'Italia whose dispatches were cabled to the Italian embassy here today.

Most of the citizens left yesterday, taking with them "all articles of value," the cable stated. They sought refuge in the interior of Austria.

Hourly the Italian offensive becomes more certain of a militry decision, cable messages say.

LONDON, Aug. 28.—Alarm has gripped official circles in Vienna as a result of the unbroken series of Italian victories.

Emperor Charles has gone to the front to try in person to stop the retreat of the Austro-Hungarians, said a dispatch from Geneva today. The Austro-Hungarian command on the southwestern front is being reorganized. It is reported that German officers are being sent there.

GERMANY HIT HARD BY FLOOD EMBARGO

WASHINGTON, Aug. 28.— "The hardest blow yet dealt Germany by the United States."

So officialdom today characterized President Wilson's action of last night in issuing the proclamation licensing the government's control of exports.

Under the license system, made extremely rigid by the President's direct action, neutrals will be rationed and exports to them so controlled that it would be almost impossibility for any of them to get to Germany.

SLACKERS HIDE OUT IN IN HILL CAVES

UPLAND, Cal., Aug. 28—Long-haired, roughly clad, barefoot and their faces effectually masked by heavy growths of beard, two alleged draft dodgers were driven out of their cavemen existence in the mountains back of hre today and held as draft slackers.

Botth men are of German extraction and claim exemption on accouna of conscientious scruples.

SEASONED MEN FOR FIRST UNIT

WASHINGTON, Aug. 28.—The first 5 per cent of America's national army will comprise men of previous military training, cooks and others schooled in camp organization work. No negroes will be included.

This unit, which begins entraining September 5, will be selected from those making up the initial quota in each district. District boards, however, have been warned to see that no man not subject for call in the first draft be sent to camp.

Drafted men all over the country are urged that they be allowed to go in the first 5 per cent.

CHINA OFFERS ARMY TO GO TO FRONT

PEKING, Aug. 23. (delayed)—Generals La Pei-Ching, Lung Chi-Kwang and Ku Chin-Tan, commanding 50,000 troops of Yunnan, Kwei-Chow and Kwang-Tung provinces have offered forces for services in Europe. The provisional governors of Yunnan and Kwang-Tung have given official recobnition to Peking's declaration of war against Germany, apparently having beeen reconciled to the government of the acting president, General Feng Kwo-Chang.

THE PRESIDENT ANSWERS POPE'S PEACE PLEA

WASHINGTON, Aug. 28.—The reply to the United States Government to Pope Benedict's peace proposals has gone forward. It is understood it will be transmitted through the British Foreign Office, through which the Pope's communication came.

In the best informed quarters it is believed that the reply while responding to the Pontiff's proposal with the delicacy and respect which the latter commands, does not find that there is any ground on which to proceed to the decision of peace, in the absence of an announcement by Germany as to her terms.

THIS MISERABLE CUR DESERVES TO HANG

Kosta Kisin, former employe of the Certain-teed Products Corporation will face a charge of mayhem in the superior court today for biting off his wife's nose following a family quarrel. Since his arrest following the act Kisin has been in the county jail under $2000 bonds. His wife has refused offers of reconciliation and will appear as a prosecuting witness. She has successfully undergone an operation for the grafting of a new nose on her face but is disfigured for life.

Richmond Firm Bids On State Road

SACRAMENTO, Aug. 28—Bids for the construction of the state highway from Hercules to Martinez along the waterfront were opened by the Highway Commission yesterday afternoon. At a meeting to be held this afternoon bids for the Martinez-Eckley section will likely be thrown out on account of excessive costs. There was only one bidder on this work, which is mostly concrete and topping. The Municipal Improvement Company of Richmond bid $64,230 while the estimate of the engineers made last year was $43,-142. The job is one of the hardest offered to bidders this year and all but the Wahl-Ditzel concern shied at it.

The contract of the Eckley-Hercules section will likely be awarded to Whitlock G. Gorrill Co. of Oakland who bid f56,734. The Municipal Improvement Company bid $65,013 and the Gigslew Bros. $74,678.

The estimate for this work was $48,824.

LABOR DAY TO SEE END OF STRIKE?

Predicted Now That U. R. Carmen Will Win All Demands

SAN FRANCISCO, Aug. 28.—The strike of United Railroads platform men will end by next Monday, Labor day, in victory for the men. B. P. Bowbeer, head of the strikers, predicted today. Negotiations are now in progress, he declared, which will result in the granting of the men's demands for $3.50 for an eight-hour day.

Mayor James Rolph, Jr. and the board of supervisors will be informed today by the striking United Railroads carmen that they are willing to submit all of their grievances to impartial arbitration except the issue of their right to unionize.

Standard Oil Men Busy With Gardens

Vegetable gardens now supplant many of the former garden plots at the supply stations of the Standard Oil Company throughout San Francisco, the crops being distributed to the various charitable institutions.

From six supply stations enough vegetables of a large variety have been collected to fill several wagons with potatoes, lettuce, beans, radishes, carrots, beets, spinach, cabbage and leeks. Collectors in the employ of the Standard Oil Company harvest the crops, which are distributed without partiality to the different orphanages, the Associated Charities, Children of the Little Poor, the City and County Hospital.

New Paved Highway Reaches Big Plants

The paved highway that is to connect all the industrial area to the north of the city with the extension of Thirteenth street is about ready for use. With this improvement, secured through Supervisor Zebb Knott, there will be a continuous boulevard from the central portion of the city to Giant, where hundreds of residents of this city work, and bring all these sections still closer together, making it all practically one city. Industrial growth in the norther portion of Richmond and beyond the limits is rapid and population is growing fast in all these sections. The vast extensions to the plant of the Certain-Teed Products Company, formerly the General Roofing Manufacturing company, will add greatly to the growth, as do also factories on the Herbert Brown tracts.

DAM SLAM AT SALOONS

The new San Pablo reservoir of the East Bay Water Company will be four miles long and hold 2,000,000,000 gallons of water. Of course, it will cost a lot o fmoney but cleanliness is next to godliness, besides, it is a big slam at the saloons.—Oakland Enquirer.

FOUR BILLIONS MORE TO LOAN TO THE ALLIES

WASHINGTON, Aug. 28.—Threats of some Republican members of the House to oppropriations for allied loans unless they were enlightened regarding details of the transfer of moneys already authorized caused their leaders on the Ways and Means Committee to question Secretary McAdoo on this point today for more than three hours, behind closed committee-room doors.

The leaders then emerged smiling and expressed satisfaction with the Secretary's frankness, though still contending that greater assurances of money being spent in the United States, should be required.

THE W. C. T. U. LADIES OUTWIT NEWS EDITOR

The ladies of the W. C. T. U. met at the home of Mrs. Kate Miller, 225 4th Street, yesterday afternoon, and made enough pincushions to fill the comfort bags which they made for the soldiers some time ago. Editor Hulinski's $2 tobacco order, (which he sent to them when "Scoop" wrote an article saying that they put tobacco in the comfort bags), was disposed of in a brainy manner. The tobacco was secured, then sold, and with the money realized Testaments were bought for the comfort bags.

Editorial Note—Ah Ha! We spied this item as it was going intto the forms along towarn 2 a. m. and can see frmo it where we have been outwitted at our own game. Pretty smoothe! The ways of a woman passeth all understanding, as we have written about a million times. And now we want some information—man like. What's the difference whether that tobacco was smoked by soldiers or by the men the ladies sold it to? Why is it not just as wicked for a civilian to smoke as a soldier? Probably the answer will be that it is, but destroying the tobacco would not have bought Bibles for the soldiers, and the soldiers need the Bibles. Great Logic—we bet another $2 worth that they sold it to their husbands.

Another Hotel for Ed Mc Duff

Ed McDuff, proprietor of the St. Francis hotel on the west side, yesterday completed negotiations for the purchase of the St. James hotel from the estate of James Coffey. The former proprietor was drowned while on a vacation trip to San Diego. McDuff will remodel the hotel and run it in connection with the St. Francis, which is just across the street.

Cap Co. Improves Property At Stege

A new office and hospital building has just been completed by the California Cap company at Stege. In addition to the eight office rooms provided in the new structure, there is a very modern hospital for first aid work. The building is constructed of stucco and wood in old English style. Chester H. Miller was the architest and W. P. Stone the contractor.

RICHMOND DANGEROUS WAILS OAKLAND PAPER

Enpuirer Warns Oakland Public That Richmond Looms Rapidly Toward Commercial Supremacy

The following is an editorial in last evening's Oakland Enquirer, which was set in big type and given prominence on its editorial page:

"The energy with which Richmond is pushing its harbor improvements and preparing its waterfront for the uses of ocean commerce is worthy of note by the citizens of Oakland who are interested in the development of our own commercial waterfront and this city's future progress and prosperity. Richmond is looming up rapidly as a dangerous rival for commercial supremacy on the east bay shore. That fact should not be overlooked or indifferently considered."

The Enquirer is right about this, from the Oakland standpoint. When Richmond gets its inner and outer harbor completed and big ocean-going ships are making this a regular port of entry, ship and rail will then meet as it does nowhere around San Francisco bay, and the great impetus this will give to the starting of many industrial concerns here will give to Richmond the place resigned for it by reason of its natural advantages.

It is only reasonable logic which points out the fact that in the years to come Richmond as a manufacturing city and deep harbor shipping point will far excell San Francisco and Oakland combined.

POINT POINTERS

Mr. and Mrs. J. A. Charters and two sons, who have been visiting at the home of J. K. Adair for the past month, have returned to their home at Tulare. Mr. Charters is the Editor of the Register there.

Mr. and Mrs. E. A. Printz of San Francisco are guests at the home of I. McDuffin.

Mrs. W. Kaseorg has returned from a month's visit with relatives at Watsonville.

The Ladies Aid of the First Baptist church will meet at the home of Mrs. Hicks, on Terrace avenue, at two o'clock this afternoon.

H. A. Johnston Sells Prize Stock

H. A. Johnson of the Richmond Realty Co. returned yesterday from his fine ranch near Woodland, from where he shipped a few days ago a car of twenty-one prize cattle, registered Ayrshire blooded stock, to E. B. McFarland, at San Mateo, who pays the neat sum of $5,000 for the lot. These cattle took prizes at the state fair last year and will be exhibited again this year.

Long Goes Out; Maas Comes In

The board of directors of the Chamber of Commerce having appointed E. A. Maas as the new secretary of that organization, to take the place of J. A. Long, resigned, both Mr. Maas and Mr. Long are busy, the one closing up his affairs to go to office Saturday next and the other [illegible] position with the roofing company preparatory to assuming the duties of secretary of the local boost body.

Mr. Maas comes wel recommended from Los Angeles for this kind of work, and has had experience in it.

Mr. Long, the outgoing secretary, has made a good hand at the business, exceptionally so considering all the handicaps he has been working under. It is a thankless and arduous job at best, and in a town like Richmond where so many refuse to take an interest in that kind of effort, it is particularly hard. Mr. Long rendered sincere and painstaking service, and is entitled to a big vote of thanks, which, aside from a living, was about all he gets out of it. We wouldn't be secretary of a board of trade for $14 a minute.

Last we heard from Dad Breck he had got as far as Stockton on his search for "bar". We trust they won't detain him unduly there, but they might, if theye saw him get real squnky over a "26" game.

A Billion Dollar Insurance Fund

The Federal Reserve Banking System may be likened to a vast billion dollar mutual insurance fund which we and 7,600 other banks maintain at all times to give us the currency our depositors need to stand back of us in time of financial stress and to enable us to give better and safer banking service in many ways.

Every one of our depositors, large or small, without any additional cost, participates in the protection and benefits of this great system.

If you would like to have this nation-wide fund back of you, let us write or talk with you about it.

Make Your Dollars Work

If you work for the dollars now, when you get older the dollars will work for you This is true; it is history, and it is also good common sense. And there is one way to make the dollars work for you during the time you are working for them, and that is by opening and keeping up a savings account in the bank, which works and piles up interest and compound interest while you are asleep. Try it, and see.

THE AUTOMATIC GAS WATER HEATER MAKES HAPPY WASH DAYS.

Every housewife appreciates its value. She knows there will be no fires to light—no boilers to heat—no hot water to dip from tub to tub—no waiting! The HEATER makes hot water as dependable and as certain as your lights—as abundant as your cold water supply. Simply turn the faucet. Fresh water is automatically heated—instantly while it flows. When you turn off the faucet you stop all expense. You pay only for the amount you use at the amazingly low rate of one-tenth of one cent a gallon. (See local dealers.

Editorial Comment

NOTICE TO BUSINESS MEN

All the great and most successful business men in America are liberal advertisers, and for a little local merchant to set his opinion up against the biggest and best business men of the whole country and hold to the contrary, simply proves why he is a small businessman and always will be. It also proves that he has a whole lot to learn.

There is no argument whatever as to the proposition that it pays to advertise. It is also true the more you advertise within proper limit, of course, the more it pays.

Every business man should make a study of this branch of his business, the same as he should study any other branch, and if he does not do it he is doing himself an injustice, and is not a good business man.

An appropriation should be made for an advertising expense account, just the same as one is made for clerk hire, rent or any other necessary expense of carrying on a successful business, and once that is done then its expenditure should be made in the manner to produce results.

And speaking of producing results, the first thing to consider is the medium used. Newspaper advertising is conceded by all to be the best method by far—there is no longer any argument about that. Then the question arises: Which newspaper, or what kind of a newspaper? That is easily answered by looking around you and sizing up the kind of community in which you are doing business. If it is a certain kind of community, it is a safe bet that the people take and read the certain kind of newspaper that represents that kind of community, whatever it may be.

Richmond is unquestionably a workingmans's town. It is largely made up of wage-earners, and it is their pay checks that make every wheel go 'round. A majority of these workers are affiliated with organized labor, and Richmond is known far and wide as a union town. There are here twenty-one local labor organizations, embracing in membership between two and three thousand men. These men have families, and these families make up the bulk of the population here.

Now, Mr. Business Man, which paper, do you think these and lived and worked in Richmond, what local paper here would you be most apt to take? Did you ever ask yourself that question? Probably not. Well, do so now—it won't do *any* hurt.

In this connection here are a few pointers to consider: The News leans somewhat toward the interests of the workingman, and the plain, common, every-day people, and they know it. They also know that any time they should be wronged the News would not hesitate the fraction of a minute in going to the bat for them. It also carries news and comment about labor matters nearly every issue. And last, but not least, the labor unions of Richmond and their members still have over $5,000 worth of interest in this newspaper.

Noww, Mr. Business Man, which paper, do you think these men are most apt to take, read and have sent into their families and homes?

If you want their trade, you should invite it, and we respectfully submit that the best and cheapest way to do so is through the columns of the Richmond Daily News.

COAL ROBBERS DESERVE NO SYMPATHY

It is a remarkable fact that only the coal operators, and those who share with them in the division of excessive profits can find any reasonable excuse for the methods which they are pursuing. Take, for example, J. Ogden Armour, who sums up the case in these words: "We find that freight rates have advanced little or nothing; that the price paid miners has advanced possibly 25 cents a ton, but that otherwise costs in operation have advanced no more in proportion than in other lines." One of the principal sources of discontent with the methods of the coal operators is that they have habitually used slight advances in the cost of production as excuses for exorbitant advances in the price of the product. They have, that is, not only compelled the consumer to pay for wage increases, but have capitalized these increases so as to swell their dividends.—Christian Science Monitor.

Women's pretty stockings and shapely ankles are getting so commonplace nowadays that men won't look at 'em any more. There is really such a thing as overdoing extremities. —Pinole Times.

Chances are the train won't be late the same time you are.

A woman's idea of close economy is to have her husband quit smoking.

A son doesn't need to amount to much to make his mother proud of him.

Most of the hurrying is done in an effort to catch up, rather than to get ahead.

Some of the dead ones manage to avoid the undertaker for quite awhile.

If you had a hero medal a lot of people would mistake it for a lodge emblem.

It is difficult for a woman to refrain from looking over at the last chapter to see how the story came out.

NOTICE OF IMPROVEMENT INVITING PROPOSALS THEREFOR.

Pursuant to Statute and to Resolution Ordering Work No. 324, of the Council of the City of Richmond, adopted August 27, 1917, directing this notice.

NOTICE IS HEREBY GIVEN that for the following described Street Work, ordered by said Council and to be done according to the specifications No. 324, posted and on file in my office, and therefor adopted by said Council on the 6th day of August, 1917, by Resolution adopting Plans, etc., No. 324, to which reference for particulars is hereby made, namely:

That STANDARD AVENUE, including all intersections and terminations, from a line at Clarence Street drawn from the northeasterly corner of Block 36 to the most southerly corner of Lot 3, Block 29, both of Fourth Addition to the Town of Richmond, northwesterly 1050.97 feet measured along the northeasterly line of said Standard Avenue to a line drawn across said street bearing S. 59° 11' W. be graded to the official line and grades; guttered, and sidewalked with cement concrete; curbed with cement concrete with galvanized steel curb bars, paved with cement concrete six (6) inches in thickness with driveways of cement concrete five (5) inches in thickness with float finish.

That culverts of corrugated iron and cement concrete, with cement concrete wing walls and portals, culverts of standard salt glazed vitrified sewer pipe, lateral sewers with wye branches, both consisting of standard salt glazed vitrified sewer pipe, manholes of brick and cement concrete with cast iron rims and covers, and lamphole: of standard salt glazed vitrified sewer pipe, with cast iron rims and covers, be constructed in Standard Avenue and Marine Street as shown on the plans and specifications hereinafter referred to.

Excluding from the above described work a strip nine (9) feet in width lying along the northeasterly side of the roadway as shown on plans, and specifications hereinafter referred to.

That all of said work shall be done at the places, in the manner and of the materials as specified, set forth and shown in the plans and specifications for said work, adopted by the Council of the City of Richmond, by its Resolution adopting plans and specifications, No. 324, passed and adopted by said Council at a regular meeting thereof held on the 6th day of August, 1917, and now on file in the office of the Clerk of the City of Richmond, reference to said plans and specifications being hereby especially made.

Excepting, however, from all the afore-described work such portion as is required by law to be kept in order and repair by any person or company having railroad tracks thereon; and also excepting from all the afore-described work any portion thereof already done to the official lines and grades and constructed in accordance with the plans and specifications herein mentioned.

And the said Council of the City of Richmond does hereby determine and declare that said proposed work and improvement is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefitted by said work and improvement; and that therefore the entire costs, charges and expenses of said work and improvement shall be and is hereby made chargeable against and shall be assessed upon said lands and district, which district is within the City of Richmond, County of Contra Costa, State of California, and is bounded and particularly described as follows, to-wit:

Commencing at the most easterly corner of Lot 1, Block 36, Fourth Addition to the Town of Richmond, as the said Fourth Addition is shown on map entitled "Map of Fourth Addition to the Town, of Richmond" filed in the office of the Recorder of Contra Costa County, California, on December 13, 1901, and running thence in direct lines as follows: Northeasterly to the most southerly corner of Lot 8, Block 29,said Fourth Addition;thence northeasterly to the most easterly corner of said lot 8; thence northwesterly along the northeasterly lines of Blocks 29 and 30, said Fourth Addition, and continuing in a direct line to a point 35.3 feet northwesterly from the most northerly corner of said Block 30; thence N. 66° 41' W. a distance of 220.70 feet to a point; thence N. 47° 54' W. a distance of 174.60 feet to a point; thence S. 49° 16' W. a distance of 125 feet to a point on the northeasterly line of Standard Avenue; thence S. 59° 11' W. to an intersection with a line drawn parallel to and 125 feet distant at right angles southeasterly from the southwesterly line of Standard Avenue; thence southeasterly along the said line parallel to the southwesterly line of Standard Avenue to its intersection with the northwesterly line of Block 32, said Fourth Addition; thence southwesterly to the most westerly corner of Lot 4, said Block 32; thence southeasterly to the most southerly corner of said Lot 4; thence southeasterly to the most westerly corner of Lot 4, Block 33, said Fourth Addition; thence southeasterly to the most northerly corner of Lot 3, said Block 33; thence southwesterly to the most westerly corner of said Lot 3; thence southeasterly to the most southerly corner of said Lot 3; thence southeasterly to the most northerly corner of Lot 3, Block 36, said Fourth Addition; thence southwesterly to the most westerly corner of Lot 3, said Block 36; thence southeasterly to the most southerly corner of Lot 1, said Block 36; thence northeasterly to the most easterly corner of Lot 1, said Block 36, and the point of commencement.

Being all in the City of Richmond, County of Contra Costa, State of California. Saving, excepting and excluding from said district all streets, avenues, lanes, alleys, crossings, and places therein included and contained.

That said Council under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California, approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds shall be issued to represent the expenses of said proposed improvement, which said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and a bond shall be issued to represent each assessment of twenty-five (25) dollars or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal, and an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole is paid, and the interest shall be payable semi-annually by a coupon on the second days of January and July respectively of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest is paid. Said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Sealed proposals are hereby invited to be filed in the office of the undersigned, City Clerk of said City, on or before 8 o'clock P. M., Tuesday, September 11, 1917.

Bidders must file with each proposal a Check, certified by a responsible bank, payable to the order of the City of Richmond, for an amount which shall not be less than ten per cent of the aggregate of said proposal, or a Bond for said amount, payable as aforesaid, signed by the bidder and by two sureties, who shall justify, before an officer authorized to administer an oath, in double the said amount, over and above all Statutory exemptions. Bids received as above will be opened at 8:30 o'clock P. M. of said last named day.

Dated at the Clerk's office, City of Richmond, this 28th day of August, 1917.

A. C. FARIS,
City Clerk of the City of Richmond.
(SEAL).
Aug. 29-30.

NOTICE TO BIDDERS.

Sealed bids will be received by the Clerk of the City of Richmond, at his office in the City Hall of the City of Richmond, at No. 2555 Nevin Avenue in the City of Richmond, until eight (8) o'clock P. M., of Tuesday, the 11th day of September, 1917, for Riprap on the clay bulkhead on the west side of the Northern Arm of the Inner Harbor of the City of Richmond, as described in the contract, plans and specifications for the work, on file in the office of the Clerk of the City of Richmond.

All bids must be submitted upon the proposal sheets furnished with the plans and specifications.

All bids shall be subject to all requirements of the contract, specifications, plans, contractor's bonds, and proposal sheets, all of which are hereby referred to and made a part hereof, and all of which are on file with the Clerk of the City of Richmond.

Copies of the specifications, etc., can be obtained at the office of the Engineer, P. A. Haviland, of Haviland and Tibbetts, Alaska Commercial Building, 310 Sansome Street, San Francisco, California.

A deposit of Five Dollars, ($5.00) will be required for each set of plans and specifications, which deposit will be refunded on the return of the plans and specifications in good order.

Each bid shall be accompanied by a certified check, payable to the Clerk of the City of Richmond, for at least ten per cent (10%) of the amount of the bid.

The Council of the City of Richmond hereby reserves the right to reject any or all bids.

A. C. FARIS,
Clerk of the City of Richmond.

Thomas vs. Thomas Scrap In Court

The divorce case of Mabel B. Thomas vs. J. W. Thomas, both of Richmond, came on to be heard on petition for maintenance at court in Martinez today. The petition for maintenance and alimony was denied pending the hearing of the main issue. Time was granted defendant to prepare his defense. Mrs. Thomas wanted $50 a month for support $150 for attorney fees and alimony, but did not get any of it as yet. Attorney Odell appeared for plaintiff and Attorney Jackson for defense. It is fierce when husband and wife get to scrapping out their troubles in court. Thomas is the mail carrier recently in trouble and the wife gave the evidence that got him in bad.

DO YOU HOARD?

Some Foodstuffs Should Be Treasured, but Not Flour.

ADVICE FROM UNCLE SAM.

Certain Kinds of the Staff of Life Will Bear Heat and Moisture of Summer, but It Is Risky Work to Keep Them From Mustiness.

[Prepared by the office of information, department of agriculture.]

Buy flour in small quantities and protect it carefully from spoilage. Sound flour milled from standard wheat exhibits very little tendency to decompose when stored in a proper manner. Nevertheless there is a considerable loss of flour through spoilage as a result of improper storage, particularly during the summer months. Housekeepers on the farm and in the city should purchase flour in accordance with their needs only. It is false economy for the housekeeper to purchase larger amounts of flour than can be used within a reasonable length of time. This may be a barrel for a large family. More often it will be the fifty pound sack. Any storage of flour in excess of the consumer's needs constitutes hoarding, which under present circumstances is an unethical and reprehensible practice, of no profit to the individual who practices it, but injurious to the best interests of the people.

Since it is the duty of every one in the present situation particularly to avoid all waste it is incumbent upon each one so to store the normal stock of flour as to eliminate all waste whatsoever. The precautions that are required have been well worked out in practice and are stated as follows:

There are three cardinal principles of flour storage. Flour should not be stored in the cellar, since the cellar is rarely free from dampness, even though special flour bins have been built in. It is common to find odors in a cellar, and flour absorbs odors and is contaminated by them. The cellar is cool, but is usually too damp. Flour should not be stored in the attic of the usual type. The temperature is too high in summer, there is no circulation of air, and the flour is likely to acquire a musty odor. Flour should not be stored in the pantry or kitchen except in small quantities, since the temperature is certain to be uneven and the flour is likely to be contaminated by odors.

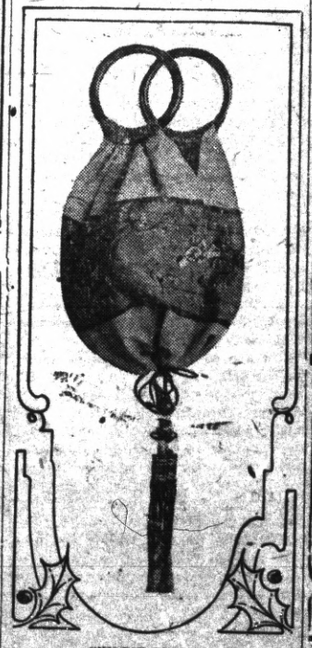

If practicable every household should possess a small room for storage of nonodorous commodities. Such a room is best located on the north side of the building. It should be ventilated, and a cool and even temperature should be maintained. Where such a room is not available a closet may fit the requirements well. The bins or containers should be kept clean, and when an old stock of flour is exhausted the container should be carefully cleaned before a new stock is placed.

Naturally the flour must be guarded from vermin. Flour should be examined occasionally to see that decomposition has not begun. Conserved in this manner, the sack of flour in the household and the larger stores of the retailer can be utilized practically to the exclusion of any waste through spoilage.

HERE'S A NEW BAG.

Oriental as Possible Is This Fascinating Reticule.

Oriental silk banded with a strip of embroidery, piece of a mandarin's coat,

CHINESE BEAUTY.

hung on two jade bracelets and finished with a gorgeous silk tassel, hung from two Chinese "cash," makes a handsome accessory for pongee frocks.

A Reminder.

You will never forget to give your whole order to the grocer if you follow this suggestion: Have a list of everything you use in the kitchen, paste the list on a flat board and put it in the pantry, or, if preferred, hang the list on the wall. This will be a reminder to you when the can or package

CONTRA COSTA COUNTY NEWS

We may meet beyond the trenches,
Where the cannons cease to roar,
We may occupy the benches
Oh some foreign fabled shore.
We may meet and chat together
When this cruel war is o'er,
So we wish you all fair weather,
Boys in France, with au revoir.
—Pittsburg Post.

Editor Ebson's Cold Feet

Health Hint—Young men should not overdress this exceedingly warm weather, as the severe draft which comes along about this time of year is very apt to cause them to catch cold—in the feet.—Pinole Times.

Alhambra Valley Ships $135,000 in Pears.

The last shipment of Alhambra Valley pears via the Santa Fe from Muir station was made yesterday and it marked the closing of the most successful season in the history of the local pear industry.

The season was remarkable in many ways. The shipments were the largest, the price paid the highest and the eastern demand the greatest. The amount of money changing hands has never been approached by local growers before and they are more than satisfied.

To offset the high prices and unprecedented demand, however, the grower had to pay wages 50 per cent higher than ever before; he had to pay bigger prices for boxes and then the big expense of spraying this season over the past seasons, offset the profit, and, while some growers reaped small fortunes a majority did well to break even.

There was a total of 83 carloads or 45,000 boxes shipped from Muir station this season as against 69 carloads last year. The average price received in the eastern markets is given as $3, bringing the gross sales up to $135,000. Of this sum about $55,000 was paid for freight, refrigeration, commissions and incidentals.

The growers received about $80,000.—Martinez Standard.

Sugar Worker Loses Arm

With his entire right fore arm terribly crushed and mangled, Joseph Bullett, an employee of the C. & H. refinery at Crockett was brought to the Martinez hospital at 3 o'clock Monday morning. The arm was amputated above the elbow by Dr. Merrithew and Dr. O'Mallay. In some manner Bullett's arm became caught in the belting which he was seeking to shift and was crushed to a pulp.—Martinez Gazette.

Pittsburg Home Guards

At the school auditorium on Monday evening the first meeting of the Pittsburg Home Guard was held and the oath of allegiance to the principles enunciated by that organization, and the pledge to be in readiness at all times to aid in preserving the peace and dignity of Contra Costa County, was administered collectively to about one hundred citizens.—Pittsburg Post.

'The Love that Lives' At T. & D. Today

Among the many phases of life depicted in Pauline Fredericks' latest Famous Players-Paramount picture, "The Love that Lives," is a vivid portrayal of life and conditions in the slums of our great cities. Tenements are shown where are swarms of children, trying to play in the filth and squalor that surrounds their poor homes; mothers praying for sunshine for their sick babies and men and women living like rats in traps. The picture has been artistically "lighted" by glimpses of luxury, flashes of humor and many "human interest" touches, so that this dark side is not overdone. "The Love That Lives," is directed by Robert G. Vignola, and one of the finest pictures Pauline Fredericks has ever appeard in at the Richmond Theater today and tomorrow.

HIGH SCHOOL NOTES

The first real football practice began last night in the Nichol Tract opposite the High School when Captain Lane instructed a squad of twenty men in passing, dribbling, and falling on the ball.

The epartment of Physical Training has found it necessary to change the boys' gymnasium uniforms because of the shortage of khaki material. White lowers will be used instead of the khaki. The uppers, as originally planned are to be of red flannel.

Home Producers Organize Tonight

The final and permanent organization of the Home Producers League will take place tonight in the Lincoln School auditorium. It is an organization started by the Stags and now composed of representatives from twelve lodges, for the carrying on of home production, on the vacant lots of the city, and thereby not only lower the price of products, but eat home products as per request of Mr. Hoover. The proceeds of sales will go to the Red Cross.

Many large plots of land are promised them and also the use of teams and implements. The project has the active support of many lodges and is under favorable consideration by many more. All public spirited and patriotically inclined citizens are requested to attend this meeting and help in the good work. G. M. Crandall will preside at the meeting.

Mayor Lane Busy for Soldier Boys

Mayor Lane is busy arranging for all the civic bodies, secret societies and others to turn out in a big parade upon the occasion of Richmond's first offering of soldier boys for the war. These lads will likely move on or about September 5th, and we must all join in giving them a big sendoff.

Eighty-six of those recently passed are to have their exemptions judged by the San Rafael board. Out of the first 568 examined 213 were held, 119 did not pass the doctors; 82 were exempted because of dependents and 54 were aliens.

JOHN CUEHLO BURIED

Funeral services for the late John Cuehlo of San Pablo were held yesterday in St. Paul's church. Cuehlo was a pioneer resident of the district, having come to San Pablo fifty years ago and spent most of his life on a farm. He was 87 years of age at the time of his death. He retired from active work ten years ago. His wife has beene dead for five years.

VARIATIONS

J. H. Duus is doing some cement contracting at Winehaven. Many new dwellings and a lot of new wine cellars are being built out there where the wine giveth its color in the cup, or rather vat.

◆◆

Kirk Gray is the first mayor for El Cerito, and H. J. Wildgrube is its city attorney. The newly incorporated town is now getting down to business.

◆◆

H. J. Seaman and C. E. Hancock have been vacationing at Camp Curry in the Yosemite.

◆◆

We ran into Julius Stefvater real late last night, and totally without chaperonage. And he was wiping something off his chin that looked like foam, too.

CATHOLICS ELECT OFFICERS

The Gentlemen's Sidality of Our Lady of Mercy church met in the church assembly last night and elected the following officers: Dennis Sullivan, president; Daniel Lynch, 1st vice-president; Patrick McManesman, 2nd vice-president, and Timothy Cronin, secretary. They are to meet again next Tuesday evening when matters of much importance will come up for consideration.

MOUNTAIN HIKERS RETURN

Rev. H. K. Sanborn and son Kendall have returned from their hike and mountain climbing expedition in the Lake Tahoe region. They tramped some 170 miles in their travels and climbed Mt. Tallace and others. They are both feeling fine and are ruddy from the constant exposure in the exhilirating mountain air.

A. H. and Willard Poage are also home from practically the same journey, which they enjoyed greatly.

CORONER'S JURY'S VERDICT

An inquest was held last night over the body of Andrew Nelson, the cook who droppede dead on a Santa Fe steamer recently. A verdict of "death caused by heart disease" was turned in by the following jury: C. J. Geraghty, Geo. M. Hensley, Frank Foster, W. H. Conn, A. J. Leonard, A. J. Pendleton, Joe Bowen and C. N. McCormick.

MASONS CONFER DEGREE

The Alpha lodge of Masons conferred the third degree on several candidates last night and enjoyed a banquet afterwards.

RED MEN GO VISITING

The Degree team and a large number of members of the Onetah tribe of Red Men will journey to Oakland tonight to help put on the work at a class initiation of the Tecumpseh tribe, when 50 candidates will be initiated.

The degree team organized a social club and elected the following officers: E. O.Brien, president; O. J. Ripley, 1st vice-president; J. F. Church, 2nd vice-president; E. J. Esola, secretary and treasurer; A. L. Shaw, sergeant-at-arms. They are planning to give a dance at an early date and appointed the following committee to arrange for some: D. Esola, O. J. Ripley and E. O.'Brien.

Harry Dalton, late of Stege, and now captain in the British Engineering corps was at Stege yesterday, bidding his many friends goodby, as he leaves tomorrow for New York, then London and eventually to Bagdad to fight against Turks.

Little Folks Enjoy Surprise Party

A surprise party was tendered to Little Enid Church on Monday afternoon on her sixth birthday. Many pretty presents were given her. A jolly afternoon was spent by the youngsters with games and refreshment. Those present were Marion and Frances Hornbeck, Alma Larrabee, Marjorie Moore, Lorena and Madeline Petrow, Janice Stegman and Enid Church.

THERE,S A DIFFERENCE IN PHONOGRAPHIC TONE

Tone must be your first consideration in the selection of a musical instrument, yet it does not follow that other matters need be ignored. The STARR is just as new, just as "different" in the convenience of its operation. It is the only machine primarily designed to play every type of disc record, an advantage easily appreciated when you consider that it will play every record of every phonograph purposely restricted to but one type. This is not in a makeshift or temporary manner, but a fundamental improvemet which permits playing every type of disc with the stylus in the proper position.

The STARR Phonograph is also offered in eleven styles and in an abundant variety of finishes and woods quite as unique among pronographs as the more important matter of tone. The price in no manner controls the finish because there is but one standard in the STARR Factories and that is the same as used on STARR Pianos for more than fifty years.

It Is The Best

The Starr Phonograph is the best in the world today, because of its acknowledged superiority in tone. Ask anyone who has a Star and they will tell you so. No owner of a Star ever wished he had some other make. They are made in most any price the purchaser could possibly desire, and nowdays no well regulated household is considered complete without one.

Schrader Has Em.

Of course, when you want the leading make of anything, you naturally find it at the leading dealer's in that line. So, naturally, as Schrader's is the leading furniture store on the east side of San Francisco bay, is where you find the Star Phonograph.

Schrader has them in every style and price, and any of his customers can obtain one at easy terms, by paying only a small amount down and the rest as convenient.

All this being true there is no excuse for anybody not having the best of music in their home.

You are cordially invited to drop into the Schrader store, on the corner of Seventh street and Macdonald avenue, and enjoy a real musical treat. This will cost you nothing. Schrader does not count his time as being worth anything much, so he will play you all the music you wish, and be glad to do it, for he likes to please. If you think you want one of the phonographs, he will supply you on most any reasonable terms you desire, and if you don't no harm done—go and hear the music anyhow—it is free.

N. D. G. W. WHIST

The Native Daughters of the Golden West held a successful whist party in their lodge rooms last night the winners of which were Mrs. Jennings, first and Mrs. Blake second. Mayor Lane, Dr. Blake and Julius Stiefvater were seen conspiring to get the grand prize themselves by adding together their score cards, but the ladies caught them in time to frustrate their plans.

Miss Marguerite Knoble, a teacher at the Grant School goes to the Merritt Hospital today for an operation on her tonsils.

Thinkographs

A poor man often wonders why a rich man doesn't cut loose and have some fun.

A man who once had money, and lost it, probably feels his poverty worse than anyone else.

It depends upon who perpetrates it whether the rough stuff is anarchy or only a college prank.

It is possible at the present time for a man to be against the war and for his country. At the same time the line between where being against the war and for the country is so delicate that the fellow who shoots off his mouth too much is sure to get into trouble.

Here is what General Pershing, who is on the battle ground in France, says about the war: "This war will not be won by talk or by subscribing to the Red Cross. The American people must come to a full realization of what the war means. It can be won only by striking hard and forceful blows, not otherwise."

Bound Volumes of
The Thinkograph
Now Only 50c

The News office has several hundred handsome bound volumes of the Thinkograph on hand, which sold ot 75c and anyone wishing one or more can get them at 50c. each. There are four different volumes of the magazine, vols. 1, 2, 3 and 4, each containing six months of the magazine and substantially bound in attractive style. The printing is in colors, with hundreds of illustrations, and the books contain the best writings of the editor for three years. A full set of the four volumes will be furnished at $1.50.

These handsome little books make very acceptable presents. The magazine has been suspended until aftere the war, and may not be published again for years, if ever. This will be the last and only opportunity for obtaining them, as there is only a limited supply and no more will ever be obtainable.

Sent postpaid to any address upon receipt of price. One volume 50 cents; all four, $1.50.

Address F. J. Rulantski, editor, care Richmond News.
